# Root Chakra Analysis

## ROOT CHAKRA (MULADHARA)

Colour: RED

Sense: Smell

Primary Focus: Survival

Right: To exist

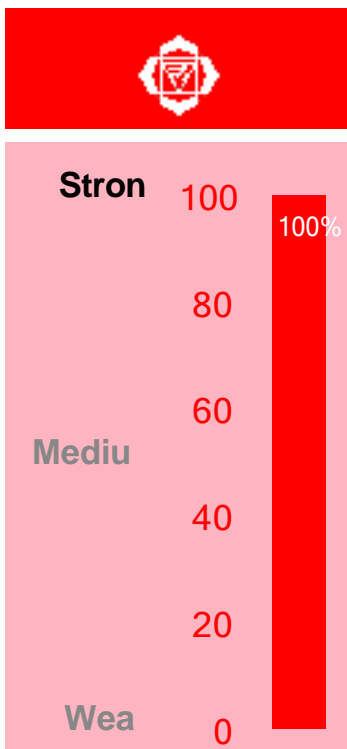

Seed Mantra: Lam

Positive Qualities: Stability, Vitality, Loyalty, Patience

Location: Base of your spine near your tailbone

Malfunction: Obesity, bone pains, Knee/ankle/feet pains, Prostrate problems, Piles, Sciatica

**Muladhara is a combination of the word 'Mula' meaning root and 'Dhara' which means support. This chakra grounds you to the Earth, creating the foundation on which you build your life.**

Governs:

**Base of spine, legs, bones, feet, adrenal glands and excretory system**

What a weak Root Chakra feels like:

**When the Root Chakra is weak, you give in to fears like losing your money, job, house, savings, customers, and your business.**

You

**procrastinate & tend to run away from challenges. You compromise and sacrifice out of fear of instability.**

What a strong Root Chakra feels like:

**When your 1st chakra is strong you feel connected to your human experience and connected to mother earth. This connection brings emotional and mental stability.**

**It also stabilises health and wealth.**

# Sacral Chakra Analysis

## SACRAL CHAKRA (SWADHISTHANA)

Colour: ORANGE

Sense: Taste

Seed Mantra: Vam

Primary Focus: Emotions, Intimacy

Right: to feel

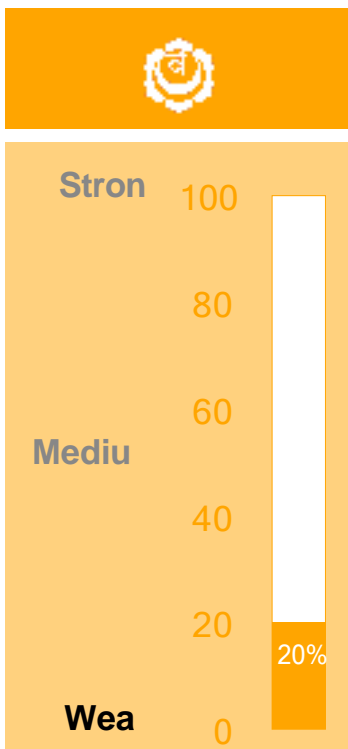

Positive Qualities: Self-esteem, Joy, Creativity, Adaptability

Location: The sacral chakra is located 2 inches below the belly butt

Malfunction: Lower back pain, muscular pains, constipation, sexual problems, kidney/bladder/Intestine problems

The 2nd chakra is the sacral chakra or Swadhisthana, which translates to the place of the self. It is all about your human identity and what you do with it and how

it responds to the seductive forces of the physical world. Therefore, if the Second Chakra is weak, it can lead to addictions and distractions.

Governs:

**Lower abdomen, sexual organs, muscles, pelvis, appendix, bladder, reproductive system**

**What a weak Sacral Chakra feels like: Sacral Chakra is the seat of your soul, and it gets imbalanced by self doubt and self rejection.**

**You crave for appreciation and often feel that others do not appreciate you. People often take advantage of you.**

**You do not get the rewards of your hard labor.**

**You are not able to succeed even though you are capable.**

**You give more importance to others and often end up compromising and sacrificing.**

What a strong Sacral Chakra feels like:

**When your 2nd chakra is balanced, you will relish the pleasurable things life has to offer, without overdoing them.**

**Sex, good food and creative activities will be inspiring and enjoyable, and you will get a sense of**

## Sacral Chakra Analysis

**wellness and  
abundance from them. You will feel nurtured and joyful and  
create the life you desire.**

# Solar Plexus Chakra Analysis

## SOLAR PLEXUS CHAKRA (MANIPURA)

Colour: YELLOW

Sense: Sight

Seed Sound: Ram

Primary Focus: Emotions & Intimacy

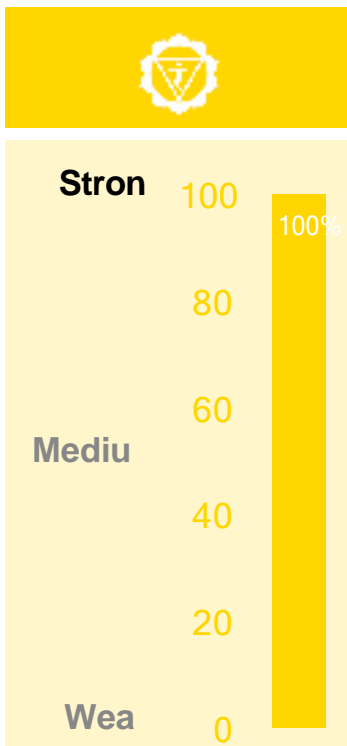

Right: To act

Positive Qualities: Power, Independence

Location: Centre of Belly Button

Malfunction: Acidity/indigestion, issues with stomach/ liver/adrenals, hypertension

The 3rd chakra is the Solar Plexus or Manipura which translates to a lustrous gem. This chakra is where your consciousness gets internalised and personal power is realised.

Governs:

**Abdomen, stomach, liver, gallbladder, pancreatic glands, spleen, middle spine and digestive system.** What a weak Solar Chakra feels like:

**When the Solar Chakra is weak, you are denying, suppressing and holding back your personal opinions and personal power. You live with codependancy on others for physical, emotional, financial and mental support. You fear confrontation and taking risks in life.**

What a strong Solar Chakra feels like:

**When your Manipura chakra is open and strong, you exercise your life choices and become in charge of your destiny.**

**It allows you to transform inertia into action and movement. You can also choose your own beliefs rather than conform to the external beliefs imposed upon you. You are never a victim, but a natural leader centred in power with surety of yourself.**

# Heart Chakra Analysis

## HEART CHAKRA (ANAHATA)

Color: GREEN

Sense: Touch

Seed Sound: Yam

Primary Focus: Love & Connection

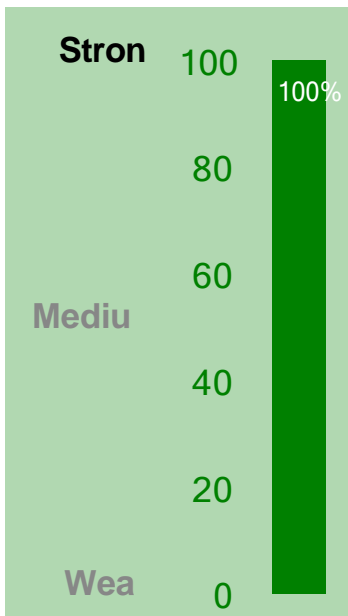

Right: To Love and be Loved

Positive Qualities: Faith, Trust, Devotion

Malfunction: Blood pressure, diabetes, allergies, fevers

The 4th chakra is the Heart or Anahata chakra, which translates to 'that which should not be struck or affected'. This chakra empowers you with love, compassion, generosity, trust and kindness and is associated with health and healing.

Governs:

**Heart, lower lungs, chest, thymus gland and circulatory system.**

What a weak Heart Chakra feels like:

**Your heart is closed, and you lose your sense of feeling. You become frigid and selfish.**

**You look at life with mistrust, controls and expectations. You find hard to manifest your desires.**

What a strong Heart Chakra feels like:

**A strong Heart Chakra ensures happy and harmonious relationships. You realise your power to forgive, understand, enforce**

**or let go and not get clouded by the memories of past hurt and bitterness. You find that the external world is a reflection of what you truly want in life. You feel connected with everyone and everything around you.**

# Throat Chakra Analysis

## THROAT CHAKRA (VISHUDDHA)

Colour: BLUE

Sense: Hear

Seed Sound: Ham

Primary Focus: Self Expression

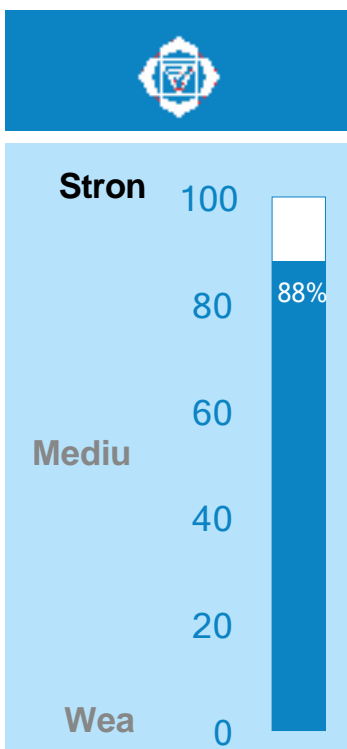

Right: To Speak my Truth

Positive Qualities: Purpose, Expression, Direction, Choice

Location: In the U cavity between the collar bones

Malfunction: Thyroid, asthma, insomnia, throat infections, neck/shoulder pains, low immunity

The 5th chakra is the Throat chakra or Vishuddha which translates to 'very pure'. This is the energy centre of the body that asserts that you are capable of knowing, understanding, and speaking your highest truth.

Governs:

**Throat, thyroid, trachea, neck, vertebrae, mouth, gums, jaw, oesophagus, hypothalamus, ears, upper lungs, thyroid gland and respiratory system.**

What a weak Throat Chakra feels like:

**Weak energy in this Chakra makes you**

**fearful about speaking your personal truth.**

**You will**

**become prone to helplessness and**

**frustration. You will have a harder time**

**expressing your thoughts and feel anxious about speaking or communicating.**

What a strong Throat Chakra feels like:

**When your throat chakra is strong, you will**

**be able to listen with empathy and speak**

**with love, kindness, and truth. You will know exactly**

**which words are appropriate for each situation. Speaking and listening with a strong throat chakra will enlighten and inspire those around you and you will be able to transform situations in your favour.**

# Third Eye Chakra Analysis

## THIRD EYE CHAKRA (AJNA)

Colour: INDIGO

Sense: Intuition

Seed Mantra: Om

Primary Focus: Clear Perspective & Psychic Abilities

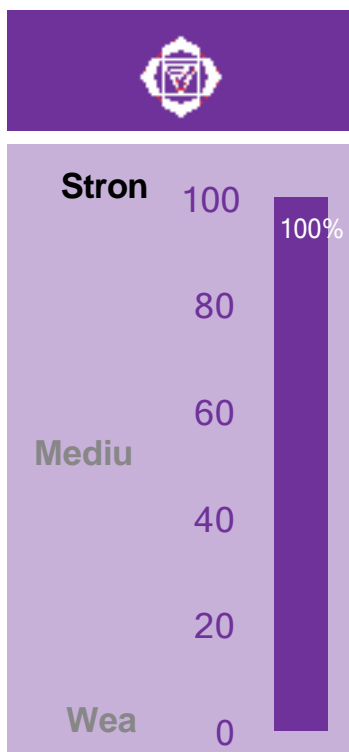

Right: To See

Positive Qualities: Vision, intuition, dreams, insight

Location: Centre of forehead

Malfunction: Sinus, low vision, headaches

The 6th chakra is the Third Eye Chakra Ajna which translates to 'beyond wisdom'. This chakra opens up your mind to information beyond the five senses. Extrasensory perception, intuition or psychic energy, all come from the third eye.

Governs:

**The brain, eyes, nose, pineal gland and nervous system.**

What a weak Third Eye Chakra feels like:

**There is a lack of clarity in priority, and you do not see things rightly beyond your ego, fear, attachment, aversions, and prejudices which stops you from taking the right decision. You feel inner resistance when you need to be around people/situations**

What a strong Third Eye Chakra feels like:

**You become intuitive, an excellent decision maker and get power of command and attitude of abundance. You experience clarity of thought and vision and you see the events in your life as**

**of past hurt and bitterness. You find that**

**the external world symbolic of the lessons to be learned in this journey of life.**

## VIOLET

You are the fairy or leprachaun person of the color spectrum. magical would best describe your life and your way of operating the world at this point. You would rather talk about miracles, magic, and pots of gold at the end of the rainbow rather than anything ordinary or mundane. You would rather focus on the ethereal and the sublime. The beautiful world of the imagination is where you are safest and happiest. You create a magical environment to live in. Your psychic abilities are also strong and fine-tuned now.

## INDIGO

Peace, Loving, and Balancing best describe your focus in life now. You are natural, clear conduit for spiritual balancing energy for others as well as yourself. This energy indicates you are in a regenerative, restful phase. If you do not work in the energy-balancing arts, you may find yourself gently encouraging and nurturing others with just your mere presence. Presently, your highest goals are to achieve complete inner peace and to develop your relationship with the Creator.

## BLUE

At this point in time, you are experiencing deep inner peace and tranquility in your life. Above all, you want to create harmony and ease in your environment. You may be on vacation or just experiencing a time out to relax and gather your energies. If you meditate, you may be able to easily access blissful states of consciousness. Your spirituality, rest, and peace are your main focus now.

## GREEN

Hard at work would best describe you now. You have serious goals, and you live your life in an organized, deliberate, and economical fashion. You are ambitious and desire prestige, notoriety, and power. You are also full of compassion and can be just as generous as you are demanding. You may be an excellent teacher, counselor, or business owner. You are full of gentle strength.

## YELLOW

Joy and happiness surround you now. Your excitement is contagious, life is your playground, and you make everything fun. Even the most tedious of household tasks becomes a game when you do them because you infuse everything with a sense of fun. At heart you are a happy, laughing child. You also have a bright and curious intellect hungry for new and exciting ideas.

## ORANGE

You can't help expressing yourself creatively! You are an artist at heart and march to the beat of a different drummer. Right now, you are feeling powerful. You have energy, enthusiasm, confidence, and will to accomplish anything you desire. This is a time to go for it. If you have any original ideas or creative projects in mind, you need to begin them now! Orange is also the color of originality and independence.

## RED

Reds love sex. For them it's a hearty, wanton, playful, and joyful physical release. Reds don't necessarily need to be in love to enjoy sex, since the sheer physical pleasure is the most important thing. They are passionate lovers and are not afraid to fully experience their sexuality, and turn their fantasies into reality! Red signifies high energy, physical and
